BANKRUPTCY OF JEW RULE

(Continued from Page 3. Column 3)

the biggest capitalists in New York want them to be. Not all capitalists are pleased with labor unions. The smaller provincial capitalist, and perhaps even the very large provincial capitalist, is likely to be opposed to them. No matter. The real power is in New York. New York likes the subservient, lick-spittle labor leaders. The high-wage policy is part and parcel of the currency-inflation policy. The working class has its troubles, even in prosperity, but who cares? The labor unions are really part of the rigid caste system which maintains special privileges for the anointed. The folk culture of the working class is gutted and destroyed; family life is eroded away. Law and order scarcely exist in some working class districts; it is in fact POLICY to have a high crime rate in working-class districts, as this is considered good discipline for the workers.

Conflict between capital and l abor? Nonsense! Oswald Spengler said a real mouthful when he said, "All proletarian movements do the work of the big money."

The Jews have had an enormous success with the "Right-Left" myth for a hundred years. Yet it has been seen through in too many places. German writers made mincemeat of it in western Europe long ago. Today the rulers of Russia are demonstrating, by their public actions, that they too have seen through the "Left-Right Fraud." With the collapse of this fraud, the whole basis of modern Jewish power is endangered.

American Jews have been "doves" about Vietnam and "hawks" about the Middle East. HARPER'S magazine has devoted most of a whole issue to Norman Mailer's scribblings about "the march on the Pentagon." Youngsters have been urged to desert the armed forces, evade the draft, take to LSD, anything except fight in Vietnam. But now that Israel is clearly in danger, they suddenly want us to become a nation of stalwart warriors. We should rush into the Middle East to fight for Israel, because Jews are the "Aristocrats of the World."

Surely the Jews must know that a nation's morale and patriotism cannot be turned on and off like steam. For three decades they have been engaged in the sabotage of the nation's military stance; they have based this upon their idea of "planned history," of a world state governed by intellectual power rather than military power. but "planned history" is not a real possibility; it is merely the central Jewish error.

If you are a simple soul, a "Bible believer," you may simply believe what the Bible says: God really rules the world.

If you are a well-educated sophisticate, and want a more complex description of the process, you should invest in the works of Oswald Spengler. The "culture cycle" described by Spengler is fundamentally of far-out, mystic origin. Spengler makes no real effort to account for it; he merely observes from history that it exists. In other words, Spengler faces the fact that the rise and fall of nations is governed by mystical forces beyond the reach of tampering chuckleheads in the pawnbroking or drygoods business, or even natural-born cretins who become best-selling Jewish novelists.

The Jewish intellectual structure is merely a creation of blind, ignorant pride, a Tower of Babel erected in rebellion against heaven. It is not omnipotent. It is not infallible. It is not even successful. The trouble is, it dominates the United States. It is rapidly losing its grip everywhere else in the world. If it maintains its grip in the United States, then we are finished. The world crisis is not a struggle between capital and labor; it is not an argument about how the economy should be run. The world crisis is, in essence, a military crisis. The Jews have striven with might and main to make it an intellectual affair, ruled by supposedly superior Jewish brains. They have not expected it to become a military crisis; yet it has. Russia is building a vast military force for the purpose of making an attack upon the United States.

Now, Mr. Jew! Your superior intellect is supposed to be able to control this sort of thing. Let's see you get out of there and perform! Let's see you stop Mr. Brezhnev from building 100-megaton bombs. It is very probable that the men who run the Red army today are no intellectual match for the Jews. The Jew can out-argue them. But after the Jew has out-argued them, they may become annoyed with him and may kill him.

The "Jewish season" in world history has passed. Their talents are those of the big, lying Jewish mouth and the empty-headed quackery of the Jewish Literati. The Jew has no talents of any value in a world given over to blind, naked force.

That is the real battle in the world today: The Jewish mouth against the elemental forces of naked violence. I will not bet much on the Jewish mouth. Anti-Semites are always talking about Jewish supermen; so are the Jews.

We must reject the image of the Jew as a superman. He looks better in the drygoods business or the pawnbroking business than in politics or literature or education. The Jews should stay within the limits of their real aptitudes. Their intellectual frauds may look superficially brilliant, but this is a deceptive phenomenon. The Freudian-Marxian social sciences are empty and shallow. We hear much about the brilliance of the behavioral sciences today. In reality, the social scientist, after all of his mighty effort, may possibly know five per cent of what Frederick the Great or the Empress Maria Theresa knew instinctively and instantly about human motivations. They are merely cheap crumbums trying to act the aristocrats' role. By cavorting in the arena of political and intellectual life, the Jews are merely bringing the consequences of their manifest incompetence upon themselves and the Gentile nation. The Jews, and the Gentiles who have "made it" under Jewish auspices, are a cocksure crew with nothing to be cocksure about. The people who rule over us today are, on occasion, a very entertaining kind of clowns; but we desperately need leaders, not clowns. Have we, as a nation, lost the ability to distinguish between clowns and leaders? The Jew is a pretty good court jester; but it is the aristocrat not the jester, who rules the world. If we cannot supply genuine aristocrats for the world's need, somebody else will.

THE FALSE FACE OF UNCTAD

By MARY DAVISON

The UN has been one of the greatest contributing factors during the past quarter of a century to the complete disintegration of the U.S. Mary Davison's shocking revelations on UNCTAD (UNITED NATIONS CONFERENCE ON TRADE AND DEVELOPMENT) prove this beyond doubt. This book, written primarily for the guidance of American businessmen, spells out in detail the program for abolishing all protective tariffs and putting American producers (industry and labor) completely at the mercy of power-mad men determined to rule the world. THE THREE MUSTS

(Continued from Page 1, Column 2)

the Conspirators! Demand a pledge for such a review!

Treason Act No. 3

Ever since 1954 (and even before) Earl Warren, Douglas, Fortas, Goldberg and other U.S. Supreme Court Justices have been issuing decisions "based on the principles of the UN Charter" instead of on our Constitution. THAT IS RANK TREASON ! That is what has created all the anarchy and rioting in all our cities by the Negro mob, all protected by various decisions. Congress must haul in all those Justices for examination via impeachment proceedings—and must outlaw all such decisions and legislation! You and every voter must demand a pledge from every aspirant for seats in both Houses of Congress to support such a review of all the U.S. Supreme Court Justices . . . That is the only way to restore our Constitution as the sole law of our land! . . It is the only way to restore our country to what our Founding Fathers intended it to be.

Last, but not least: Under our Constitution every one of our 50 States is a Sovereing Entity — and that the Federal Government is merely an agent and the servant of the peoples of those States. Thus every voter in every State should demand a pledge by every member of his State Legislature to take all necessary action to establish that Sovereignty — and then notify and warn the Federal Government that the U.S. Senate had never asked the various States for permission to include them into membership in the fraudulent United Nations — that they do not and never did enter into the fraudulent pact, that the UN is outlawed within each State — that all U.S. Supreme Court decisions (and Congressional Legislation) "based on the principles of tht UN Charter" are fraudulent and null aand void . . . they, the Legislatures must notify the Federal Government that not one dollar of tax money derived from the citizens of their States can be used for the support of the UN or any UN objectives — and that no citizen of their States, including all those in the Armed Forces, can or shall be forced to render any kind of services for the UN— and that all Armaments, jointly owned by the States and the Federal Government, and paid for by the tax-money of the American people, can not and shall not be given or diverted to the UN.

Fellow-Americans: — We are today in the FINAL battle for the salvation of our country — for your children! If you wish to save our country, send this issue to your Representative and Senators in Washington and to every member of your State Legislature— also enclose a personal letter notifying him that if he wants your vote he will render to you—and to the public — a PLEDGE to carry out these requirements — also send copies to all other aspirants for those offices.

This is the only way we can save our country—and we have less than one year in which to do it—and REMEMBER: God helps only those who help themselves . . . George Washington knew that at Valley Forge — that was why he constantly prayed to HIM for HIS aid and guidance — and then went on fighting! That was how he gave us a wonderful land to live in — that's how we must now regain it! The salvation of our nation depends upon YOU !
